

Dear Scouter,

Thank you for your interest in the Double H High Adventure Base. The High Adventure opportunities offered in the Boy Scouts of America truly change lives; this is why I'm writing you today.

Philmont Scout Ranch, in partnership with the Rocky Mountain Elk Foundation, will be offering a new and exciting high adventure opportunity here in New Mexico at the Double H High Adventure Base. Crews will participate in a rugged wilderness environment at elevations over 7,000 feet.

These seven day treks will offer advanced backpacking and programs. Programs such as advanced land navigation, challenge events, state of the art black powder, astronomy, and geo-cache will be offered. Crews will need to be in top physical condition as the Double H will provide a strenuous backpacking adventure.

Time is of the essence for registering and preparing for this adventure, as the summer of 2004 is approaching quickly. If you are interested, please fill out the enclosed Pre-Registration form and return it to Philmont today. Registration will be done on a first come, first serve basis and only 4 crews will be accepted each day from June 21<sup>st</sup> - July 27<sup>th</sup>. Philmont will then confirm your reservation and date.

Should you have any questions on the Double H experience please feel free to contact us. Email: [doubleh@philmontscoutranch.org](mailto:doubleh@philmontscoutranch.org) or 505-376-2281.

Yours in Scouting,  
Mark S. Anderson  
Director of Program  
Philmont Scout Ranch
